JAN,

JULY 21

Hi there sis. What's been happening around the old town. Those letters I got from you were really were great. I'm sorry I neglected to write to you until now. I sent mom another roll of film and I'm getting one off to Gail ~~of~~ also, so you should be able to see some pictures of me soon.

How do you like your mini-bike. I hope you really like it. But you be careful on that thing now,

You hear me! I don't want you getting any ~~stad~~ stitches. Got it! Be careful! Don't let Jimmy break his neck either!

Well, don't get too Rowdy this summer and take care of the place for me. Are they still building a swimming pool? Be good and keep writing, because I love to hear from you. I'll keep my head down and you be good. I really miss you.

Love
Eric
